

REQUEST TO APPROVE RESOLUTION 2018-15

Legal Compliance Administrator Shannon Marks requested Board approval for Resolution 2018-15 entitled, "DISPOSAL OF SURPLUS SOIL STOCK PILE." The City has developed a soil stock pile northwest of the Dierdorff Road (County Road 27) and Waterford Mills Parkway intersection as a result of various construction projects.

The Board of Public Works and Safety declared this soil stockpile (approximately 4,000 yards of gravel and 6,000 yards of top soil) as surplus and approved its disposal on November 7, 2016. The City solicited sealed bids for the sale of gravel and top soil on December 28, 2016; however, bids were only received for the surplus gravel which has been sold and removed. The City wishes to have the surplus top soil removed and the area restored.

NOW, THEREFORE, BE IT RESOLVED that the Goshen Board of Public Works and Safety offers the surplus top soil to a person or entity based on the following conditions:

1. The surplus top soil will be offered on a first-come, first-serve basis until the top soil has been removed.
2. The surplus top soil will be offered at no cost provided the person or entity utilizes sufficient erosion control practices so that materials are not tracked on the roadway and the person or entity stabilize the site following the material removal.
3. The person or entity must enter into an agreement with the City of Goshen for the removal of any or all of the top soil.
4. Dustin Sailor, Director of Public Works, is authorized to execute the Soil Removal Agreement on behalf of the City of Goshen and Board of Public Works and Safety with the person or entity. The Soil Removal Agreement shall then be presented to the Board of Public Works and Safety for ratification.

Board Member Day moved to approve the request. Second by Board Member Landis and motion passed unanimously.

(PASSED and ADOPTED by the Goshen Board of Public Works and Safety on April 2, 2018)
