

Solar Energy Contractor List – Goshen

Updated April 2017

The City of Goshen does not endorse or represent specific products or companies. But we have tried to make it easier for you to find solar contractors and related businesses who actively work in this area. If you find that any information is out of date, please contact Becky Hershberger at (574) 533-3579 or beckyhershberger@goshencity.com.

The sun icon indicates that a contractor has installed at least one solar energy system in Elkhart County or surrounding counties.

*If you are a solar contractor and wish to be added to this list,
please contact Becky Hershberger at (574) 533-3579 or
beckyhershberger@goshencity.com.*

*This list is primarily designed for residential customers in the Goshen area.
However, contractors on the list may also install solar energy systems for
commercial, institutional, municipal, and industrial customers requesting
systems larger than typical residential installations.*
