### Goshen Utilities office to suspend shutoffs on delinquent accounts until April

GOSHEN, Ind. (March 17, 2020) – Water and sewer utilities are essential components in managing hygiene to combat a potential COVID-19 infection. Beginning the week of March 16, Goshen Utilities is suspending water and sewer shutoffs for account delinquency until the end of April 2020. During this grace period, late fees will be suspended.

For utility customers that are on or will be on the water and sewer shutoff list during the shutoff grace period, the Goshen Utilities business office encourages these customers to pay down as much of their utility bill as they can to avoid more significant repayment concerns when utility shutoffs return to normal.
