To: Goshen City Council

From: Tanya Heyde, Superintendent

Subject: Work Session, Shanklin Pool

Date: March 14, 2023

In the fall of 2022, the Park Department began working with a consultant, HWC Engineering, for master planning services for Shanklin Pool. HWC Engineering evaluated and reported on existing conditions to City staff and the Shanklin Pool Steering Committee. A second steering meeting consisted of evaluating preliminary concepts and cost estimates.

The Parks and Recreation Department looks forward to presenting the findings from the planning sessions to City Council for consideration that will assist the Department with administering next steps - preferred design, delivery methods, budget for improvements and business planning for the pool.
