

**CITY OF GOSHEN BOARD OF PUBLIC WORKS & SAFETY
MINUTES OF THE SEPTEMBER 18, 2025 MEETING**

Convened in the Goshen Police & Court Building, 111 East Jefferson St., Goshen, Indiana

Present: Mayor Gina Leichty, Mike Landis, Orv Myers and Barb Swartley

Absent: Mary Nichols

Call To Order: Mayor Leichty called the meeting to order at 4:02 p.m.

Review/Approve Agenda: Mayor Leichty presented the agenda as prepared by Clerk-Treasurer Aguirre with added agenda item: #2. *Engineering Department request: Approve the partial closure of Clinton Street for asphalt milling and paving.* Board member Barb Swartley made a motion to approve the agenda as amended. Board member Mike Landis seconded the motion. The motion passed 4-0.

1) Legal & Engineering Departments request: Approve contract for 2025 Clinton Street Asphalt Milling Project with Specialties Company, LLC

Shannon Marks, the Legal Compliance Administrator for the City Legal Department, said the City solicited proposals from four contractors for the 2025 Clinton Street Asphalt Milling Project. She said Specialties Company, LLC of Fishers, Indiana was the only company that responded to this request.

Marks said the total estimated project cost was \$16,323.08, which included \$12,074.08 for Bituminous Surface Milling, Class II, 2.0 inches and Bituminous Full Depth Milling, Class IV, less than 8 inches.

Marks recommended that the Board approve and authorize the Mayor to execute the contract with Specialties Company for this project. She said payment to the contractor would be based on the above unit prices for the work done and the actual number of units used for each work item.

Shannon said the reason this project was brought to the Board on such short notice was because Specialties Company will be doing the milling of Clinton Street, and then the City Street Department will be doing the paving. She said the City wanted to complete this project in the fall while it still can.

Board member Landis asked if the proposed project cost was about what the City Engineering Department estimated, pointing out there was only one proposal received. Marks said it was.

Swartley/Landis made a motion to approve and authorize the Mayor to execute the contract with Specialties Company, LLC for the 2025 Clinton Street Asphalt Milling Project. The motion was approved on a 4-0 vote.

NOTE: Before the meeting, Shannon Marks, the Legal Compliance Administrator for the City Legal Department, distributed to Board members a one-page memorandum, dated Sept. 18, 2025, concerning the proposed contract for the 2025 Clinton Street Asphalt Milling Project with Specialties Company, LLC. Attached to the memo was an eight-page contract with Specialties Company, LLC and a 12-page Specifications and Contract Document for the project. This packet of documents is attached to these minutes as EXHIBIT #1.

Privilege of the Floor (opportunity for public comment for matters not on the agenda):

At 4:05 p.m., Mayor Leichty opened the public comment period.

2. Engineering Department request: Approve the partial closure of Clinton Street for asphalt milling and paving

City Engineering Project Manager Andrew Lund said he was bringing a request related to the just-approved contract for the 2025 Clinton Street Asphalt Milling Project with Specialties Company, LLC.

Lund said the City Engineering Department was seeking the partial closure of Clinton Street starting as early as next week, Thursday, Sept. 25. He requested permission to close Clinton Street to through traffic, between Greene Road and Indiana Avenue, until Saturday, Oct. 4. He said there may be a "hard closure" of Clinton Street, between Riverside Drive and Indiana Avenue, for one day during that period.

Lund said the Engineering Department requested the closures to complete asphalt milling and paving on Clinton Street. The City Street Department, which will pave the street, will supply traffic control devices for the closure.

Swartley/Landis made a motion to approve the closure of Clinton Street, between Greene Road and Indiana Avenue, from Thursday, Sept. 25 until Saturday, Oct. 4, 2025. The motion passed 4-0.

NOTE: Before the meeting, City Engineering Project Manager Andrew Lund distributed to Board members a one-page memorandum dated Sept. 18, 2025 and titled "Clinton Street Closure (JN: 2025-0002)." This was an added agenda item that was approved by the Board. The memorandum is attached to the minutes as EXHIBIT #2.

APPROVAL OF CIVIL CITY & UTILITY CLAIMS

Mayor Leichthy made a motion to approve Civil City and Utility claims and adjourn the meeting. Board member Swartley seconded the motion. The motion passed 4-0.

ADJOURNMENT

Mayor Leichthy then adjourned the meeting at 4:07 p.m.

NOTE: No audience members were present at the meeting, but as required by state statutes, the news media was notified of the meeting, the agenda was published on the City of Goshen's website and the agenda was posted before the meeting at City Hall and immediately outside the meeting place.

EXHIBIT #1: Before the meeting, Shannon Marks, the Legal Compliance Administrator for the City Legal Department, distributed to Board members a one-page memorandum, dated Sept. 18, 2025, concerning the proposed contract for the 2025 Clinton Street Asphalt Milling Project with Specialties Company, LLC. Attached to the memo was an eight-page contract with Specialties Company, LLC and a 12-page Specifications and Contract Document for the project.

EXHIBIT #2: Before the meeting, City Engineering Project Manager Andrew Lund distributed to Board members a one-page memorandum dated Sept. 18, 2025 and titled "Clinton Street Closure (JN: 2025-0002)." This was an added agenda item that was approved by the Board.

September 18, 2025

To: Goshen Board of Public Works and Safety
From: Shannon Marks, Legal Compliance Administrator
Subject: Contract for 2025 Clinton Street Asphalt Milling Project, Project No. 2025-0002 with Specialties Company, LLC

Proposals were solicited in accordance with I.C. §. 36-1-12-4.9 for the 2025 Clinton Street Asphalt Milling Project. Solicitations were sent to four contractors with one responding. Below is a summary of the one proposal received from Specialties Company, LLC, 10500 Kincaid Drive, Fishers, IN 46037:

Item No.	Description	Estimated Quantity	Unit	Unit Cost	Total Cost
1	Bituminous Surface Milling, Class II, 2.0"	13,124	SYD	\$0.92	\$12,074.08
2	Bituminous Full Depth Milling, Class IV, Less than 8" (Undistributed)	700	SYD	\$6.07	\$4,249.00
Total (Estimated) Project Cost:					\$16,323.08

It is recommended that the Board approve and authorize the Mayor to execute the attached Contract with Specialties Company, LLC for this project. Payment to the contractor will be based on the above unit prices for the work items and the actual number of units used for each work item.

Suggested motion:

Move to approve and authorize the Mayor to execute the Contract with Specialties Company, LLC for the 2025 Clinton Street Asphalt Milling Project.

CITY OF GOSHEN, INDIANA

CONTRACT

FOR

PROJECT: 2025 Clinton Street Asphalt Milling Project

PROJECT NUMBER: 2025-0002

THIS CONTRACT ("Contract") is entered into on _____, 2025, which is the date of the last signature set forth on the signature page, (the "Effective Date"), by and between **Specialties Company, LLC** ("Contractor"), whose address is 10500 Kincaid Drive, Fishers, IN 46037, and **City of Goshen, Indiana** ("City"), a municipal corporation and political subdivision of the State of Indiana acting through the Goshen Board of Public Works and Safety.

In consideration of the terms, conditions and mutual covenants contained in this Contract, City and Contractor agree as follows:

1. Scope of Work.

- (A) Contractor shall provide all services necessary for the above referenced project (hereinafter referred to as "Project") in accordance with the Specifications that are made a part of and attached to this Contract. The Project includes the milling of approximately 13,824 square yards of asphalt surface on Clinton Street generally from Greene Road to Indiana Avenue.
- (B) For the purposes of this Contract and the attached Specifications, all services to be performed by Contractor for the Project shall be referred to as the "Work." The Work includes, but is not limited to, providing all supervision, labor, materials, equipment, tools, transportation, services, and other components necessary for the successful completion of the Project in a timely, professional, and workmanlike manner, including any incidentals whether or not specifically called for in the Specifications.
- (C) Contractor agrees to execute the Work by following and applying at all times the highest professional and technical guidelines and standards.

2. Effective Date; Term.

- (A) The Contract shall become effective on the date of the last signature of the authorized representatives of both the Goshen Board of Public Works and Safety and Contractor (the "Effective Date").
- (B) Contractor shall begin Work on the Project immediately upon receiving a written notice to proceed from City.
- (C) Contractor shall carry out all Work on the Project expeditiously with adequate work forces and shall complete all Work on the Project by October 10, 2025.

3. Compensation.

- (A) City shall compensate Contractor for the satisfactory performance of the Work under this Contract based on the Contractor's established unit prices for the work items listed below. The quantities shown for each work item are estimates only and based on the best information currently available. The actual quantities needed for each work item may be higher or lower than the estimated

quantities, and that compensation will be made using the established unit prices for each work item and the actual quantities used in the Project.

Item No.	Description	Estimated Quantity	Unit	Unit Cost	Total Cost
1	Bituminous Surface Milling, Class II, 2.0"	13,124	SYD	\$0.92	\$12,074.08
2	Bituminous Full Depth Milling, Class IV, Less than 8" (Undistributed)	700	SYD	\$6.07	\$4,249.00
Total (Estimated) Project Cost:					\$16,323.08

- (B) Contractor will be responsible for all expenses incurred in the performance of Work under this Contract. Compensation paid to Contractor is in full consideration for any Work performed and any expenses incurred while performing said Work.

4. **Payment.**

- (A) City shall compensate Contractor based on the dollar value of Work satisfactorily completed in accordance with the unit prices set forth in Section 3, Compensation. The payment amount shall be subject to the City's verification of actual quantities. As a condition of payment, all Work performed under this Contract must comply with all requirements of the Contract and is subject to the City's inspection and acceptance. City shall have no obligation to pay for any Work determined to be unsatisfactory, defective, or inconsistent with the terms of this Contract.
- (B) Contractor shall submit proof to City that Contractor has paid all subcontractors, material suppliers, laborers, and those furnishing services for this Project before final payment is made.
- (C) Contractor shall submit to City a detailed invoice along with proof of payment for labor, services and materials furnished for the Project to the following address, or at such other address as City may designate in writing:

City of Goshen
c/o Goshen Engineering Department
204 East Jefferson Street, Suite 1
Goshen, IN 46528
Email is also acceptable at engineering@goshencity.com.

- (D) City will process payment to Contractor within forty-five (45) days after receipt of a complete and detailed invoice, subject to City's review and acceptance. In the event of any dispute, City shall pay only the undisputed portion of the invoice. Payment shall be deemed made on the date of mailing the check.
- (E) Any payment made by City shall not relieve the obligation of Contractor to correct any unsatisfactory or defective Work, nor shall such payment constitute acceptance of any Work not in compliance with the Contract.

- (F) Contractor shall have a current W-9 form on file with the Goshen Clerk-Treasurer's Office before City will issue payment to Contractor.

5. **Insurance.**

- (A) Prior to commencing Work, Contractor shall furnish City a certificate of insurance in accordance with the following minimum requirements, shall maintain the insurance in full force and effect, and shall keep on deposit at all times during the term of the Contract with City the certificates of proof issued by the insurance carrier that such insurance is in full force and effect.
- (B) Each certificate shall require that written notice be given to the City at least thirty (30) days prior to the cancellation or a material change in the policy.
- (C) Contractor shall at least include the following types of insurance with the following minimum limits of liability:
 - (1) Workers Compensation and Employer's Liability - Statutory Limits
 - (2) General Liability - Combined Bodily Injury and Property Damage, \$1,000,000 each occurrence and \$2,000,000 aggregate. The City of Goshen is to be named as an additional insured.
 - (3) Automobile Liability - Combined Bodily Injury and Property Damage, \$1,000,000 each occurrence and \$2,000,000 aggregate. The City of Goshen is to be named as an additional insured.
 - (4) Excess Umbrella Coverage - \$2,000,000 each occurrence

6. **Indemnification.** Contractor shall indemnify, defend, and hold harmless City and City's agents, officers, and employees from and against any and all liability, obligations, claims, actions, causes of action, judgments, liens, damages, penalties, injuries, or accidental deaths caused by any intentional, reckless, or negligent act or omission by Contractor or any of Contractor's agents, employees, and subcontractors during the performance of this Contract. Such indemnity shall include reasonable attorney's fees and other expenses incurred by City, and shall not be limited by reason of insurance coverage required by this Contract.

7. **Independent Contractor.**

- (A) Contractor enters into this Contract, and will remain throughout the term of the Contract, as an independent contractor. This Contract does not in any way create any type of partnership, association, joint venture, or other business relationship. Contractor agrees that Contractor and any employees, agents or subcontractors of Contractor shall be under the sole and exclusive direction and control of Contractor, and such employees, agents or subcontractors are not and will not become employees, agents or subcontractors of City while this Contract is in effect.
- (B) Contractor shall be solely responsible for injury, including death, to any persons or damages to any property arising out of the acts or omissions of Contractor and/or Contractor's employees, agents or subcontractors.
- (C) Contractor shall provide all necessary unemployment and workers' compensation insurance, and any other insurance on Contractor and Contractor's employees, agents or subcontractors. Contractor is solely responsible for compliance with all federal, state and local laws regarding the

reporting of compensation earned and the payment of all income taxes. City will not withhold from any compensation paid any amounts for federal, state or local income taxes.

8. **Non-Discrimination.** In accordance with Indiana Code § 22-9-1-10, Contractor and all subcontractors shall not discriminate against any employee or applicant for employment to be employed in the performance of this Contract, with respect to the employee or applicant's hire, tenure, terms, conditions or privileges of employment or any matter directly or indirectly related to employment, because of the employee or applicant's race, religion, color, sex, disability, national origin, or ancestry. Breach of this covenant may be regarded as a material breach of the Contract.
9. **Employment Eligibility Verification.**
 - (A) In accordance with Indiana Code § 22-5-1.7 et seq., by execution of this Contract, Contractor affirms under the penalties for perjury that Contractor does not knowingly employ an unauthorized alien.
 - (B) Contractor further agrees to enroll in and verify the work eligibility status of all newly hired employees through the E-Verify program as defined in Indiana Code § 22-5-1.7-3. Contractor is not required to participate in the E-Verify program should the program cease to exist. Contractor is not required to participate in the E-Verify program if Contractor is self-employed and does not employ any employees.
 - (C) Contractor shall not knowingly employ or contract with an unauthorized alien, and Contractor shall not retain an employee or continue to contract with an individual that Contractor subsequently learns is an unauthorized alien.
 - (D) Contractor shall require all subcontractors that perform work under this Contract to certify to Contractor that the subcontractor does not knowingly employ or contract with an unauthorized alien and that the subcontractor has enrolled and is participating in the E-Verify program. Contractor agrees to maintain this certification throughout the duration of the term of a contract with a subcontractor.
 - (E) City may terminate the Contract if Contractor fails to cure a breach of this provision no later than thirty (30) days after being notified by City of a breach.
10. **Contracting with Relatives.** Pursuant to Indiana Code § 36-1-21, if the Contractor is a relative of a City of Goshen elected official or a business entity that is wholly or partially owned by a relative of a City of Goshen elected official, by execution of this Contract, Contractor certifies that Contractor has notified both the City of Goshen elected official and the City of Goshen Legal Department of the relationship prior to entering into this Contract.
11. **No Investment Activities in Iran.** In accordance with Indiana Code § 5-22-16.5, by execution of this Contract, Contractor certifies that Contractor does not engage in investment activities in Iran as defined by Indiana Code § 5-22-16.5-8.
12. **Force Majeure.** In the event that either party is unable to perform any of its obligations under this Contract or to enjoy any of its benefits because of natural disaster or decrees of governmental bodies not the fault of the affected party (hereinafter referred to as a "Force Majeure Event"), the affected party shall immediately or as soon as reasonably possible under the circumstances provide written notice to the other party. Upon

receipt of such notice, all obligations under this Contract shall be immediately suspended. The affected party shall do everything possible to resume performance. If the period of nonperformance exceeds thirty (30) days from the receipt of notice of the Force Majeure Event, the party whose ability to perform has not been so affected may, by giving written notice, terminate this Contract and the other party shall have no recourse.

13. **Funding Cancellation.** Should the City's Common Council make a written determination that funds are not appropriated or otherwise available to support continuation of performance of the Work under this Contract, this Contract shall be canceled. A determination by the Common Council that funds are not appropriated or otherwise available to support continuation of performance shall be final and conclusive.

14. **Default.**

- (A) If Contractor fails to perform the Work or comply with the provisions of this Contract, then Contractor may be considered in default.
- (B) It shall be mutually agreed that if Contractor fails to perform the Work or comply with the provisions of this Contract, City may issue a written notice of default and provide a period of time that shall not be less than seven (7) days in which Contractor shall have the opportunity to cure. If the default is not cured within the time period allowed, the Contract may be terminated by the City. In the event of default and failure to satisfactorily remedy the default after receipt of written notice, the City may otherwise secure similar work in any manner deemed proper by the City, and Contractor shall be liable to the City for any excess costs incurred.
- (C) Contractor may also be considered in default by the City if any of the following occur:
 - (1) There is a substantive breach by Contractor of any obligation or duty owed under the provisions of this Contract.
 - (2) Contractor is adjudged bankrupt or makes an assignment for the benefit of creditors.
 - (3) Contractor becomes insolvent or in an unsound financial condition so as to endanger performance under the Contract.
 - (4) Contractor becomes the subject of any proceeding under law relating to bankruptcy, insolvency or reorganization, or relief from creditors and/or debtors.
 - (5) A receiver, trustee, or similar official is appointed for Contractor or any of Contractor's property.
 - (6) Contractor is determined to be in violation of federal, state, or local laws or regulations and that such determination renders Contractor unable to perform the Work described under the Specifications.
 - (7) The Contract or any rights, monies or claims are assigned by Contractor without the consent of the City.

15. **Termination.**

- (A) This Contract will continue in effect until all required Work provided for in this Contract has been completed to the satisfaction of City, or October 10, 2025, whichever occurs first, and shall then terminate unless extended in writing by mutual agreement of both parties.
- (B) The Contract may be terminated in whole or in part, at any time, by mutual written consent of both parties.

- (C) The Contract may be terminated in whole or in part, at any time, in the event a written determination is made under Section 13, Funding Cancellation.
- (D) City may terminate this Contract, in whole or in part, in the event of default by Contractor.
- (E) Contractor shall be paid for all reasonably satisfactory Work performed and expenses reasonably incurred prior to notice of termination.
- (F) The rights and remedies of the parties under this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

16. Subcontracting or Assignment of Contract.

- (A) Contractor shall not subcontract or assign any right or interest under the Contract, including the right to payment, without having prior written approval from City.
- (B) Contractor shall provide prompt written notice to City of any changes in Contractor's legal name or legal status so that changes may be documented and payments to the successor entity may be made.

17. Change Orders.

- (A) If in the course of the Work it becomes necessary to change or alter the original specifications, City may issue a change order to add, delete or change an item(s) in the original Contract, with the Contract price and/or completion date, being adjusted accordingly. The change order shall be prepared by the licensed engineer assigned to the Project.
- (B) If the change order requires an increase or decrease in units of materials that are included in the original Contract, the cost of these units must be the same as shown in the original Contract.
- (C) Except in the case of an emergency, Contractor shall not commence any additional Work or change in scope of the Work until the change order is authorized in writing and signed by both parties. Contractor shall make no claim for additional compensation in the absence of a prior written and authorized change order signed by both parties.

18. Modifications or Amendments. Any modification or amendment to the terms and conditions of the Contract shall not be binding unless made in writing and signed by both parties. Any verbal representations or modifications concerning the Contract shall be of no force and effect.

19. Waiver of Rights. No right conferred on either party under this Contract shall be deemed waived and no breach of this Contract excused unless such waiver or excuse shall be in writing and signed by the party claimed to have waived such right.

20. Applicable Laws.

- (A) Contractor agrees to comply with all applicable federal, state, and local laws, rules, regulations and ordinances, and all contractual provisions required thereby to be included in this Contract are incorporated by reference. The enactment or modification of any applicable state or federal statute or the promulgation of rules or regulations thereunder after execution of this Contract shall be

reviewed by the parties to determine whether the provisions of this Contract require formal modification.

- (B) Contractor agrees to obtain and maintain all required permits, licenses, registrations, and approvals, and shall comply with all health, safety, and environmental statutes, rules, or regulations in the performance of the Project for City. Failure to do so may be deemed a material breach of Contract.

21. Governing Law.

- (A) This Contract shall be construed in accordance with and governed by the laws of the State of Indiana. Any suit must be brought in a court of competent jurisdiction in Elkhart County, Indiana.
- (B) In the event legal action is brought to enforce or interpret the terms and conditions of this Contract, the prevailing party of such action shall be entitled to recover all costs of that action, including reasonable attorneys' fees.

22. Miscellaneous.

- (A) Any provision of this Contract or incorporated documents shall be interpreted in such a way that they are consistent with all provisions required by law to be inserted into the Contract.
- (B) In the event of a conflict between these documents and applicable laws, rules, regulations, or ordinances, the most stringent or legally binding requirement shall govern.

- 23. Severability.** In the event that any provision of the Contract is found to be invalid or unenforceable, then such provision shall be reformed in accordance with applicable law. The invalidity or unenforceability of any provision of the Contract shall not affect the validity or enforceability of any other provision of the Contract.

- 24. Notice.** Any notice required or desired to be given under this Contract shall be deemed sufficient if it is made in writing and delivered personally or sent by regular first-class mail to the parties at the following addresses, or at such other place as either party may designate in writing from time to time. Notice will be considered given three (3) days after the notice is deposited in the US mail or when received at the appropriate address. Either party may also email the notice to the other party in addition to delivering personally or sending by regular first-class mail.

SPECIFICATIONS AND CONTRACT DOCUMENTS

FOR

PROJECT: 2025 Clinton Street Asphalt Milling Project

PROJECT NUMBER: 2025-0002

DATE ISSUED: September 10, 2025

PROPOSAL DUE DATE & TIME: September 17, 2025 at 1:00 p.m.

I hereby certify that the specifications and plans were prepared by me or under my direct supervision, and that I am a duly Registered Professional Engineer under the laws of the State of Indiana.

By: Dustin K. Sailor
Dustin Sailor, P.E.
Registered Professional Engineer
State of Indiana No. 10200087

Dated: 9.10.25

CITY OF GOSHEN, INDIANA

SPECIFICATIONS

FOR

PROJECT: 2025 Clinton Street Asphalt Milling Project

PROJECT NUMBER: 2025-0002

1) General.

- a) Contractor shall provide all services necessary for the above referenced project (hereinafter referred to as "Project"). The intent of these Specifications is to describe the work required for the Project which includes the milling of approximately 13,824 square yards of asphalt surface on Clinton Street generally from Greene Road to Indiana Avenue. See the attached aerial maps for the location.
- b) For the purposes of these Specifications, all services to be performed by Contractor for the Project shall be referred to as the "Work." The Work includes, but is not limited to, providing all supervision, labor, materials, equipment, tools, transportation, services, and other components necessary for the successful completion of the Project in a timely, professional, and workmanlike manner, including any incidentals whether or not specifically called for in these Specifications.
- c) Contractor agrees to execute the Work by following and applying at all times the highest professional and technical guidelines and standards.
- d) The following specifications will be the governing factors for this Project. If any provision of the Project Specifications conflict with the Standard Specifications given in the City of Goshen's current Design Standards and Construction Specifications, the Project Specifications shall take precedence. The City's Standard Specifications, which conflict are voided, and the remainder of the Standard Specifications shall apply. Anything not covered specifically by the Project Specifications shall be referred to the City's Standard Specifications. Anything not covered specifically by the Project Specifications or the City's Standard Specifications shall be referred to the current Indiana Department of Transportation's Standard Specifications and current Standard Detail Drawings, and 327 Indiana Administrative Code Section 3.

2) Contractual Terms and Conditions. The Sample Contract following these Specifications contains the terms and conditions that will be part of the Contract if a Respondent's proposal is accepted by the City. No agreement modifying these terms and conditions shall be binding unless made in writing and signed by both parties. The Contract will be finalized upon City's acceptance of a proposal and award of the Contract.

3) Basis of Proposals.

- a) Contractor's proposal for this Project shall be based on established unit prices for Work performed. The unit prices shall cover and include all costs necessary to perform the Work.
- b) The quantities for each item are estimates only and based on the best information available. The estimated quantities are provided for the purpose of comparing proposals to determine the Respondent submitting the lowest proposal. (City shall verify all calculations.) The Respondent understands that the actual quantities needed for each work item may be higher or lower than the estimated quantities, and that compensation will be made using the established unit prices for each work item and the actual quantities used in the Project.

4) Contract Term; Progress.

- a) All Work on the Project is to be completed by Friday, October 10, 2025.
- b) Contractor shall maintain the personnel and equipment levels necessary to meet the approved schedule and to complete the Project on or before the end of the Contract term. City recognizes there may be transition periods between scheduled activities, but there should not be a prolonged

absence from Work by Contractor. Contractor shall not redirect employees and/or equipment to other projects, nor leave Work on City's Project idle for a period longer than five (5) calendar days without prior written authorization of City.

[Continued next page.]

GENERAL SPECIFICATIONS

- 1) **Site Awareness.** Respondents shall make whatever borings, tests and/or examinations necessary to fully acquaint and satisfy themselves with conditions, so that the Respondent may fully understand the conditions that may be encountered, and which may affect the cost of the Work. Failure to make such borings, tests and/or examinations which do not provide a complete understanding of the conditions encountered shall not relieve the Contractor of the responsibility for carrying out all the Work to completion as shown on the plans, or as specified.
- 2) **Underground Conditions.** The City of Goshen has not performed any sub-surface investigations. The Respondent shall perform any sub-surface investigations as necessary to become familiar with local conditions prior to submitting a proposal. There shall be no compensation for investigation work.
- 3) **Construction Schedule.**
 - a) A Respondent shall submit with their proposal a proposed construction schedule detailing the time frame and order of work.
 - b) The construction schedule shall be based on the assumption of a Contract being awarded on September 18, 2025.
 - c) Once the Contract is awarded, the Contractor shall submit to the City of Goshen Engineering Department for acceptance any proposed adjustments in the construction schedule. Any adjustments shall generally conform to the original construction schedule submitted with the proposal, and such adjustments shall not change the Contract term.
 - d) Contractor agrees to adhere to the approved construction schedule so that all Work under the Project is completed on or before the end of the Contract term.
- 4) **Changes in Work.** The City reserves the right to make any changes in the specifications and plans which may be deemed necessary either before or after beginning any Work under the Contract without invalidating it, provided that if alterations are made, the general character of the Work as a whole is not changed. A change order may be issued by the City to add, delete, or change an item or items in the original Contract, and it will become an addendum to the Contract once approved and signed by both the City and the Contractor. The Contractor shall not be allowed to recover anything for work performed or materials used by reason of any change of this Contract unless a change order is approved and signed by both parties. All additional charges made by the Contractor for such additional work and materials shall be in accordance with the proposal unit pricing and approved change order.
- 5) **Materials and Workmanship.** Unless otherwise stipulated, all workmanship, equipment, materials, and articles incorporated in the Work covered by this Contract are to be new and of the best grade of the respective kinds of for the purpose intended. Materials and work called for in this Contract shall be furnished and performed in accordance with well known, established practice and standards as recognized in the industry. When requested by the City, the Contractor shall furnish to the City for approval full information concerning materials or articles, which it contemplates using in the Project.
- 6) **Work Included.** The work under each item shall include all labor, materials, tools, equipment, supplies, cost of insurance and bonds, other miscellaneous costs, together with all of the work specifically described under each item and other work necessary to complete the project in accordance with the intent of these documents.
- 7) **Hours of Work.** The Contractor shall perform all Work on this Project between the hours of 7:00 a.m. and 8:00 p.m., Monday through Friday, excluding legal holidays. Contractor shall notify City in advance if Contractor intends to work on a Saturday. Sunday work is not permitted.
- 8) **Inspections.**
 - a) The City's representative shall at all times have access to the Work wherever it is in preparation or progress, and the Contractor shall provide proper facilities for such access and inspection.

- b) The City shall have the right to reject materials and workmanship, which are defective or require correction. If any defects, omissions or nonconformance exist in the work the Contractor agrees to correct the defect, omission or nonconformance after written notice from the City. Rejected workmanship shall be satisfactorily corrected, and rejected materials shall be removed from the worksite without charge to the City. In the event that the Contractor fails, refuses or neglects to correct the defect, omission or nonconformance, then the City may correct the same and the Contractor agrees to pay on demand the cost and expense of making the correction.

9) Project and Job Site Safety.

- a) Contractor shall be solely responsible for maintaining a safe and healthy working environment for all employees, subcontractors, and other personnel engaged in the Work; implementing measures to protect the general public; and preventing damage to and preserving all public and private property affected by the Work. These responsibilities include compliance with all applicable federal, state, and local safety and health regulations, implementation of appropriate protective measures, and immediate correction of any unsafe conditions.
- b) None of the specifications, conditions, plans or terms of the contract between the City and the Contractor shall be construed to impose any responsibility upon the City of Goshen, its employees, inspectors or other agents for the review, determination and/or supervision of job site safety. The construction means, manner and methods remain the sole responsibility of the Contractor. The City shall not be responsible for the failure of the Contractor to provide a safe workplace for the employees, employees of other contractors or the general public.
- c) The City Engineer or their designee's responsibility on the job site is solely to determine compliance with the construction documents, drawings and specifications. The Engineer or their designee's is not authorized by the City nor is he responsible for the construction means, manner and method undertaken by the Contractor nor is he responsible to determine and/or evaluate the job safety of the Project. Job site safety is the sole responsibility of the Contractor.

10) Reflective Vests and Hardhats. The wearing of suitable reflective safety vests and hardhats by all workers on the project shall be **mandatory**. The Contractor shall be ultimately responsible for enforcement of all safety requirements for all Work on the Project. The requirements shall apply to truck drivers, suppliers, and equipment operators who are outside of their vehicles within the Project limits.

11) Cooperation.

- a) The Contractor shall cooperate with all other contractors who may be performing work on behalf of the City and workers who may be employed by the City on any work in the vicinity of the Project and shall so conduct their operations as to interfere the least possible extent with the work of such other contractors or workers. The Contractor shall promptly make good at the Contractor's own expense any injury or damage that may be sustained by other contractors or employees of the City as a result of the Contractor's action or inaction. Any difference or conflict which may arise between the Contractor and other contractors or between the Contractor and the workers of the City in regard to their work shall be referred to the City for resolution. If the work of the Contractor is delayed because of any acts or omissions of any other contractor of the City, the Contractor shall not have a claim against the City on account of the delay other than for an extension of time.
- b) When two or more contracts are being executed at one time in such a manner that work on one contract may interfere with that on another, the engineer/construction manager shall decide which contractor shall cease work and which shall continue or whether the work on both contracts shall progress at the same time and in what manner.

12) Utility Locations.

- a) For protection of underground utilities, Contractor shall call Indiana's Utility Location Service at 811 or (800) 382-5544 a minimum of three working days prior to excavating in the vicinity of utility lines. All participating utility members will thus be routinely notified. This does not relieve

the Contractor of notifying utility owners who may not be part of Indiana's Utility Location Service alert system.

- b) If the odor of natural gas is detected in a work area at any time during the course of Work, the Contractor shall immediately notify NIPSCO at 1-800-634-3524. The Contractor shall also immediately notify the residents of adjacent property. The Contractor shall advise the residents to evacuate their homes immediately if the odor is present within.
- 13) **Access to Public Services.** Neither the materials excavated, nor the materials used in the construction work shall be so placed as to prevent free access to all fire hydrants, valves, manholes, fire alarm or police call boxes in the vicinity.
- 14) **Payment.** The unit sum prices as offered to be paid for the respective items shall be payment in full for the completion of all work specified under each item, complete and ready for use, including any testing as specified. Payment shall be made under each item for all such work which is not specifically included under any other item.
- 15) **Traffic Control & Accessibility.**
- a) Barricades required for road closures shall be installed by the City of Goshen Street Department and relocated as required. The Contractor shall provide any additional safety measures or controls as required to provide a safe construction zone for the general public.
 - b) Road closures for collector and arterial roads require prior approval of the Board of Public Works and Safety. Contractor shall work with Goshen Engineering staff to have road closures approved in advance during the 4:00 p.m. meeting occurring on the first, second and fourth Thursday of the month.
- 16) **Notification by Contractor.** The Contractor shall provide a schedule to the Goshen Street Department a minimum of two (2) weeks prior to performing Work. The City of Goshen will provide notice to the public of road closures or restrictions at the Board of Public Works and Safety meeting one (1) week prior to Work beginning.
- 17) **Final Preparation.** Areas not accessible to the milling machine, such as around and/or adjacent to inlets, manholes, valve boxes, and transverse joints on structures, may be removed by a small machine, handwork or other methods approved by the Engineer. Pavement within six (6) inches of structures will be finished by the Goshen Street Department.

PROJECT SPECIFICATIONS

General. The intent of these specifications is to describe the work required for 2.0" milling and full depth milling of streets as designated within the city. (See attached aerial maps for location.)

Pavement Milling.

Bituminous Surface Milling

For preparing a foundation for resurfacing by removing the existing surface course or courses in place, at an average depth specified. This work shall conform to the limits as set forth in Section 202.13 of the most current INDOT Standard Specification.

This work shall include, but may not be limited to, materials, equipment, tools, labor, milling of asphalt and concrete pavement, hauling and disposal to complete the work as required.

If the 2.0" milling depth is not adequate to remove the existing layer of asphalt leaving scale, the milling depth shall be increased to fully remove the existing layer of pavement or the scale may be removed after the pavement has been milled by other means. The elimination/removal of scale shall be incidental to the cost of milling.

General Requirements for Public Safety

Where the milling operation in a partial-day closure results in a vertical or near vertical face exceeding 2-inches in height, the adjacent lane shall be milled during the same day, the milled lane resurfaced during the same day, or the vertical face tapered at a 45° angle or flatter. Where located within 3-inches of a curb, surface material that cannot be removed by the cold-milling machine shall be removed by other approved methods.

Transverse milled vertical faces greater than 1-inch that are exposed to traffic shall be transitioned in an approved manner.

Castings located in milling areas that are not to be adjusted may remain in place during the milling or may be removed and replaced at the Contractor's option.

Localized weak areas uncovered by the milling process shall be called out to the Engineer and patched by the City in accordance with INDOT Standard Specification Section 304 or 305.

Salvage

Millings will be hauled off-site by the City of Goshen Street Department trucks and personnel. The Contractor is responsible to coordinate with the Street Department for the number of trucks required and work schedule. The milled material shall become the property of the City of Goshen, unless otherwise specified.

Power Brooming

Milled areas that have remaining pavement shall be power broomed by City and the loose material removed before reopened to traffic. Pavement scale remains the responsibility of the Contractor and shall be removed before the City brooms the pavement.

Asphalt Scarification and Profile Preparation

Asphalt scarification and profile preparation shall consist of preparing a base for resurfacing by removing existing asphalt material. The entire existing asphalt surface shall be roughened by the operation. The existing pavement shall be milled to the cross-slope as shown on the plans and shall have a surface finish that does not vary

longitudinally more than 1/4-inch from a 16-foot straightedge. The cross-slope shall not vary more than 1/8-inch when measured with a 10-foot straightedge.

Approach Milling

Approach milling shall consist of milling the surface and cutting a wedge at the driveways, commercial or public road approaches. The existing approach shall be milled a minimum depth of no less than 1/4-inch to accommodate the approach pavement. The approach milling shall be completed to provide a smooth transition from the mainline pavement to the termini of the approach. The existing approach pavement shall be cut to provide a vertical face of 1.5-inches for the termini of surface.

Asphalt Milling

Asphalt milling shall consist of preparing a base for resurfacing by removing the existing asphalt material at a specified average depth. The existing pavement shall be milled to the cross-slope as shown on the plans and shall have a surface finish that does not vary longitudinally more than 1/4-inch from a 16-foot straightedge. The cross-slope shall not vary more than 1/8-inch when measured with a 10-foot straightedge.

If shoulders or turn lanes are not milled and the overlay material is not placed in the milled areas within the same day, drainage slots shall be provided to eliminate ponding of water.

Concrete Patch Milling

Concrete patches within the roadway will need to be milled along with the asphalt sections at the same time and the mill must be able to mill concrete. Same conditions apply for the concrete milling as specified in the asphalt milling.

Transition Milling

Transition Milling shall consist of a wedge at the beginning and ending of projects, and paving exceptions. The existing pavement shall be cut to provide a vertical face of 1.5" for the termini of each overlay lift of base, intermediate, or surface. The existing pavement shall be milled at a rate of 720:1 or as directed to achieve the specified cut where the pavement transition overlay differs from the cut depth.

Payment

Approach milling, asphalt milling, scarification, and transition milling will be paid at the contract price per square yard.

Any portion of the pavement that is damaged or removed outside the milling limits shall be replaced with no additional payment.

The cost for setup necessary for approach milling, taper milling and transition milling shall be included in the cost of milling.

Definition of Contract Items

<u>Unit</u>	<u>Description</u>
SYD	Bituminous Surface Milling, Class II, 2.0"
SYD	Full Depth Milling, Class IV, Less than 8"

Exhibit #2

MEMORANDUM

TO: Board of Public Works and Safety

FROM: Goshen Engineering Department

RE: **CLINTON STREET ROAD CLOSURE (JN: 2025-0002)**

DATE: September 18, 2025

Goshen Engineering is requesting permission to close Clinton Street to through traffic between Greene Road and Indiana Avenue. The road will be closed as early as next week, starting on Thursday, September 25 until Saturday, October 4. There may be a hard closure of Clinton Street between Riverside Drive and Indiana Avenue for one day during this period.

The Engineering Department is requesting this closure in order to complete asphalt milling and paving HMA surface on Clinton Street. The milling will be contracted. Goshen Street Department will complete asphalt paving and will supply all appropriate traffic control devices for the closures.

Requested motion: Move to approve the closure of Clinton Street between Greene Road and Indiana Avenue from Thursday, September 25, until Saturday, October 4, 2025.

**APPROVED:
BOARD OF PUBLIC WORKS & SAFETY
CITY OF GOSHEN, INDIANA**
