Subject: Requested lane restrictions on Kercher Road, Nov. 24-26, 2025

The Clerk-Treasurer received the following request on Nov. 14, 2025:

To whom it may concern:

I would like to request a lane restriction be reviewed for approval at the Board of Works meeting on 11-20-25. This is for a NIPSCO construction project. The work by Carlisle Utility Contractors will be a directional bore to install 2" HDPE conduit under and crossing Kercher Road in front of 300 Kercher Road to connect NIPSCO existing comms network to Pine Manor substation located inside 300 Kercher Road.

The traffic control will be conducted by High Star Traffic. I am requesting to have a 300' section of Kercher Road down to one lane in front of 301 Kercher Road. The lane closure and traffic control will be set up and taken down daily. The lane closure will consist of eastbound and westbound lanes closed with traffic passing through the work location using the center lane. There will be flaggers on each end of the lane closure to allow safe travel through the work location in both directions.

The dates of proposed work will be Nov. 24, 25 and 26, 2025. Work hours will be from 7am-5pm.

Thank you.
